HOW TO ELEVATE THE PRESS.

Rev. Lyman Abbott—"The proprietor must put influence above commercial success. To secure this influence the editor must have both definite and intelligent convictions on the subjects on which he wishes to exert influence. He must be fair to those who do not share his convictions. He must convince his readers that he is seeking the truth, the whole truth and nothing but the truth, not a personal or sectarian advantage. He must deal with topics which are both of real interest and of real importance to the public."

Cardinal Gibbons—"The influence of the press would be much increased by a strict adherence to facts in recording events and by a scrupulous accuracy in reporting the expressions of public men."

Andrew Carnegie—"The paper which obtains a reputation for publishing authentic news and only that which is fit to print, and which editorially writes temperately, although always decidedly, will steadily increase its influence."

Bishop Henry C. Potter—"By the education and elevation of its readers. A decent, intelligent, thoughtful constituency will compel a decent press."

By inference the kettle would call the pot black. Remove the beam from thy eye, brethren, that you may better see the little mote which is in thy brother's eye. For twenty years and more we have been identified with newspapers, their publishers and editors, and during that time we have taken of the conduct and methods of our brethren of the quill and we do not believe that they as a body in any way try to evade the truth. But then there are men of the highest calling, brethren of the cloth, who in their sacred dealings speak without sincerity, and the most lamenting phase of their work is when called on to preach the funeral of a man who has all his life ignored the gospel teachings, but because of respectable family connection he leads his works and carries his spirit up and above the clouds, far beyond the stars, a rainbow son, on the theory that may be, some how, somewhere, accepted the gospel's way. This in face of the scripture, "If you do not confess me before men I will not confess you before my Father." Such talks are hurtful to the high calling, and if hurtful here are also to the religious and moral sentiment of our country. If the preachers would call things by name, if they would talk of hell as the lake of fire and the unbelievers as lost and forever damned in that hell, there would be more seriousness on religious matters, the truth would spread to the earth's remotest bound and every member of the Church of the Living God would be glad to be an active participant in His kingdom. Such preachers are exceptions and of such we write. And of the rich we would say, let them give their premises, give unto those who have not. The managers of the great journals would have nothing but facts. It is for this they pay out their money.

Sessions in both Senate and House were held on Sunday afternoon to close the business of the Fifty sixth Congress.

Republican member of Congress Boring thinks no court officers for the new Kentucky Federal district will be appointed until after July, because the act creating the new district does not go into effect until after that date. If Kentucky Republicans would exhibit gratitude for labor done in holding the Republican party in Kentucky together at a time when it was considered neither honorable or safe to teach Republican doctrines, the Judgeship would go to Hon. A. T. Wood, of this city, than whom no more honorable, capable or just lawyer lives in Kentucky. This appointment is no business of ours, but if rewards are to be handed around for faithfulness the Judgeship would go to Col. Wood.

The statement from our local news gatherer that Mr. W. L. Craig received the nomination for Assessor of Menefee county in recent primary we hereby correct. Mr. F. M. Power was nominated over Mr. Craig by a majority of 81 votes.

Gov. Beckham assigned reasons for pardoning the noted gambler Ed Alvey for gambling, which reflected on the court and prosecution, as they thought. So they undertook exoneration. Well, fable in pardoning Alvey, neither do we think competition very commendable in the way of violating laws. Governor Beckham is a pure man, free from political trickery and it is our regret that he allowed himself to play any part in Louisville politics.

OF INTEREST TO SUNDAY SCHOOL WORKERS.

Important Meeting at Georgetown March 13, 14 and 15.

The State, county and district of the Kentucky Sunday School Association hold a conference at Georgetown on the above dates. The object is to promote the Sunday School interests of the State.

The State Association is interdenominational in character, being an organization of the denominations by the denominations. Its plan of work is to organize every county in the State by calling the Sunday School workers together in convention annually, and by the election of a President, a Secretary and an Executive Committee who look after the Sunday School interests of the county under the direction of the State Executive Committee and the General Secretary. The Magisterial districts are organized in the same way. This meeting at Georgetown is a conference of these workers for the purpose of improving their work. It is not confined, however, to these officers. All persons interested in Sunday Schools, and especially pastors and Superintendents, are invited. The two evening sessions and the afternoon of the last day are devoted to the work of the Individual Sunday School.

This meeting is not in lieu of the Annual State Convention. It meets at Louisville, August 20, 21 and 22. Any one who contemplates going to Georgetown should send his name at once to Mr. J. M. Hunt, Georgetown, and an entertainment will be provided.

"My Wife Became Anxious."

There is cause for anxiety when a cough hangs on for a year and can't be shaken off. The quickest way to relieve that anxiety is to begin at once the use of Dr. Pierce's Golden Medical Discovery. It is a cough remedy, but it is also a great deal more. In far advanced stages of disease, when hemorrhages have been frequent, and there have been emaciation and weakness, "Golden Medical Discovery" has produced a perfect cure. It increases the supply of the life fluid—blood. It cures the blood from impurities, and sends a current of rich, new blood to build up the weak places in the body with new life.

The "Discovery" is strictly a temperance medicine, non-alcoholic and non-narcotic.

"For one year I was troubled with a cough," writes Mr. H. L. Carter, of Summit, Brainerd Co., Iowa. "I continued to cough during the winter, my life becoming almost unbearable. I tried every remedy I could find, but nothing seemed to do me any good. I was advised to use Dr. Pierce's Golden Medical Discovery, and I did so, and in a few weeks I was cured. I am now as well as ever, and I can say that the 'Discovery' is a great medicine for the cure of a cough. Dr. Pierce and his medicine are 'As good as gold,' as the farmers used to say."

But late in the month is removed by wing Dr. Pierce's Pleasant Pellets.

Church Elket and Kusim By Summer Coon.

Mr. Editor: I will ask you a few questions which I have all ways been wondering in the church. I only ask the question or information, not that it is any of my business whatever the feeling so much of it has caused me to think maybe I am a little green horn and am posted on church matters. In the first place coming in the seat right at the end of the pew next to the entrance and in the end of moving back as the pews begin to fill up the other folks and men have to crowd and drag themselves over the feet and shine of those first coming and blocking the entrance. How is that? Can't a person see and hear as well as most of the pews as the other? I don't see any difference. I am only asking to get posted better in church matters. I have all ways had the idea if I got in the pew first it would be proper for me to slide back as others come in the same pew I was in, or ought I to hold my seat and let those coming in later drag and drag themselves over my feet and shine with the late ones. I never could stand to let the seat at the entrance and see a lady with a fine organizer silk dress on which might cost her sixty-five or seventy cents a yard having to drag it over my seat and back when I could just as easily slide down the seat a little and save her the weary and trouble of struggling between me and the seat. Now if it is a green horn idea I am sure I want to do it then I will slide my seat and let it be where it will. It is not a little simple to you to move by asking you such questions but I purpose to keep up with the times and manners of the country as far as I can now, and if I make a bad break and don't hit it all ways like for anybody to farm me better; that is my object in asking the above question. I don't hardly think I am a subject for the innkeeper's slum, but to see me tackle a hog's hole and a old time lark you'd think I was a deck hand in a saloon or a ground hog slumlike publisher. I don't propose to make any more on my seat but when I open my mouth to speak you can all ways see a quid of frog green in the west corner of my head mill, so don't suppose for a minute that I can't track track my self if the snow is gone. Now let us all eat, drink and be merry to-day, for to-morrow there will be no telling how high pork and beans may go if Mrs. Carrie Nation should make a charge on our college station. Good night! All a board for the station house.

SUMMER COON.

Everybody says that J. W. Dily is looking splendid since his recovery from the grip at his home in Des Moines, Iowa. They all know that Dr. Miles' Nervine was what cured him.

CORRESPONDENCE.

PINCHUM, CLARK COUNTY.

Corn is worth \$2.50 per buhl.

The health of our community is good.

Will Burger has moved to the farm he purchased on the Rucker life pike.

Richard Plunell has rented some corn and tobacco land from John Reese.

Allen Waits has rented 31 acres of grass land from John Reese for \$65.

Sanford Niblick has 2 ewes with six lambs following them.

Most of the farmers have engaged their lambs at 65¢ for June delivery.

Candidates are plentiful, but will be scarce after April 13.

Pinchum is the banner Democratic precinct. The majority in November was 128.

New Firm at Campton.

Messrs. Euster and Firestein, enterprising and successful merchants of Beattyville, who recently opened a store at Campton, have purchased the large brick business house in Campton known as the Center house. Their trade at Beattyville has been very satisfactory and they will no doubt do well at Campton.

If I had Grip I would use Dr. Miles' Pain Pills and Dr. Miles' Nervine.

Sold at all Druggists.

Residence Burned.

On Wednesday morning at 2 o'clock the residence occupied by W. L. Stout and family, near Owingsville, on the Dr. Lewis farm, was destroyed by fire. The house was insured for \$1200. The household goods were valued at \$1750, on which an insurance of \$1200 was carried. Mr. Stout lost \$150 in cash. His many friends in this county will regret to hear of his misfortune.

Presenting Attorney, Charles L. DeWaele, who has passed the three-score mile stone, had a time with the grip, but when seen at his home in Rosemont, Mich. the other day, he said Dr. Miles' Nervine was what cured him.

Bob Taylor on Osteopathy.

When a century later historians are sifting the events of this time for the epoch-making discoveries of science and civilization there will be few chapters more important, I think, than that devoted to the recognition of medicine which will have come about through the acceptance and practice of Dr. Still's system, known as Osteopathy.

At nearly three score and ten Mrs. Kate Humphrey was falling against a side when the grip attacked her, but she took Dr. Miles' Nervine, and now her neighbors in Warren, Mass., mark how well she is looking.

TIME TO LOOSEN THE Purse Strings

And Get Ready for Spring Buying!

The Busy Bee Cash Store

Has not arrived at its present stage of usefulness by chance.

There's no luck or speculation about this business; it isn't the result of fortunate circumstances, but down-right, honest, hard work—work which your interests as customers have been carefully studied at every corner and turn. We did not come here strangers. Our business friends of to-day include many who have known us from childhood up to the present, and they number into the thousands. They know us and they have confidence in our methods of doing business. If you don't believe all this, visit our store during the coming week. We are going to officially open up the

Dress Goods, Wash Goods, Hamburgs, Embroideries and Laces.

Note the Throngs

Every Corner of the Orient

Of satisfied buyers in each department and you will believe there's friendship in business, for we look upon every customer who leaves a dime or a dollar in our store as a business friend.

Has been ransacked to make our store different from any other. Never has it been so beautiful, so full of new things that you want as it is now. Enthusiasm rightly directed always wins.

THE TALK OF THE TOWN.—Our Wash Goods, Hamburgs and Embroideries have always been the Talk of the Town. This season we have made unusual efforts to have them more attractive than ever. Style, Colorings, Quality, Price—these four big items have had every consideration, and you yourself will say it is a beautiful sight when you see our tables and counters piled full of these lovely fabrics. The fashionable ladies had better hasten themselves while the choice exclusive things are still here. Wise men dip into the future; wise women plan for future needs.

FRESH AS APPLE BLOSSOMS are the counter heaps of Dress Stuffs and Women's Dainties. The loom artists have caught many a hint from nature and the merchandise artists have made the things almost as cheap for you as if they grew. We might as well attempt to "Paint the Rose" as describe them. Come and see them; rather have your judgment than ours; they were bought for you.

OUR NEW CARPETS, RUGS AND MATTINGS are all in. We are showing a big assortment of handsome, high-grade Carpets in this department. A dozen first-class manufacturers are represented in this stock. When you buy Carpets from us it is the same as buying from the mills; you have but our profit to pay, and the patterns you get are the very newest, just from the looms. Look through our Carpet Department and get our estimates.

CLOTHING AND SHOE DEPARTMENT.—We are making some special offerings this week in our Clothing and Shoe Department. Our buyers have bought so heavy for spring that we thought it advisable to make slaughtering prices in these departments for a few days to make room for other goods that are to come in. Prices cut but in two on many entire lines of Shoes and Clothing. Bring in your wagons and fill them up; you need the goods; we are willing to make the sacrifice to get the money.

OUR HOSIERY STOCK is chock full of new novelties for the coming season. We pride ourselves on giving the best values and maintaining the lowest prices on our hosiery. You can find anything you want and anything that is a lay off this season in this department.

SMALL WANTS AND NOTIONS.—We are always in the lead when it comes to small wants and notions. We are continually showing new things in Belts, Combs, Hair Ornaments, Jewelry and all novelties to be had in the Notion Department. If you don't see what you want ask for it.

There's a bustle to our business. It's wide awake, broad-gauged, up-to-date stock-keeping that's doing it. We turn dull days into busy ones by bringing forth good things and telling you about them. There's a well beaten path that leads directly to our doors; there are no buyers travel it daily. Get in line and be one of the many who are daily strengthening their business relations with us. We want you to come and tell your friends and neighbors of the many good things we have for them. We want to serve them as faithfully as we serve you. Confidence once established, the rest is easy. Thanking you for past patronage, we are very respectfully,

DEATHS.

BARNES—Omer, the little son of Jas. T. Barnes, near Ewington, died of diphtheria and was buried on Thursday at the Mountjoy grave yard, near Howard's Mill. His wife and five children who have been sick are improving.

HUNT—Mr. John D. Hunt departed this life on last Tuesday, February 28, 1901, in the 37th year of his age. He was born and reared in the Grassy Lick neighborhood, and for several years was a resident of Colorado. When his brother-in-law, Mr. William Priest, sought health in Colorado he was with him, and accompanied his sister with her husband's remains. After a brief stay here he again returned to the life giving climate this time with his cousin, Tillman Hunt, of Clark county, going from one place to another searching in vain for health. In Arizona he was advised of the contagion of consumption, and believing he had contracted the wasting disease, he returned to his home, brooded over his troubles until he became a wreck mentally and physically, and for more than one year was helpless invalid. No man was more faithfully cared for than was John D. Hunt. His death was due to tuberculosis of the brain. He knew his only relief was death and many times did he pray that the end might come quickly. He had many friends, and no more polite, considerate and obliging man ever lived or died. Wednesday his funeral was preached at the grave by Rev. W. J. Bolin, of the Baptist church. The loving kindred have our profound sympathy in their sorrow.

Every age has its distinctive type of "exquisite" and "Quo Vadis" we give a good portrait of the Roman "Class of Fashion" in the person of Patroclus. He is elegant, cultured, yet a man of great magnetic power, quick perception and keen insight in character. Here is a picture of the type of man who is the ideal of the age, and by his own ways is a danger, Mr. R. B. Rutledge has made a portrait of him in this work with the Carpenter production.

Sunday's Wind.

A brisk breeze prevailed some hours on Sunday. Signs, billboards, window shutters, etc., were tossed around quite briskly. A chimney on the Episcopal church was wrecked and broke through the roof, a cedar tree in Mrs. Crawford's yard was broken down, the cornice and side wall of the butcher shop occupied by Louis Walz were blown down and a few other damages resulted.

A chimney of A. Hoffman's residence was taken off.

Two chimneys of store occupied by J. W. Barnes broke through the roof. An \$85 engraving machine was destroyed, the plastering of the room torn off and a chamber set broken and other losses sustained.

Joseph Hoffman's residence, near Sideview, lost roof on one side.

In the country hay and fodder were widely scattered, ready for burning, thus saving the farmers some work.

Fire at Lexington.

At 11:30 o'clock on Saturday night the night clerk at the Phoenix Hotel discovered fire in the Magazine clothing store in the corner room of the hotel building. The fire was brisk and appeared to be in different parts of the room where damaged. The fire was confined to the room, but owing to dense smoke which filled the halls and rooms of the hotel there was much excitement among the guests, and some had thrilling experiences escaping by street roofs and ladders from second and third stories. No lives were lost. The contents of the store valued at \$28,000 were mostly destroyed by fire, smoke and water. The insurance was \$18,000. Damage to hotel was slight.
